Establish a name brand restaurant for casual dining on Fort Riley

Public Private Venture (PPV)

- It is a partnership with the private sector to deliver morale-enhancing services via a NAF contract and long term real estate lease
- House and Senate Committees must review and approve project requests
- Requires local community and congressional support
- Challenges:
 - 2006 PPV request was not locally supported and was cancelled
 - Open solicitation may not yield desired name brand businesses

OR

Concessionaire Contract

- FMWRC bundles several installations into one contract to entice name brand casual dining businesses to operate on less fiscally appealing installations
- This is considered a concessionaire contract
- Does not require congressional approval unless over the Capital Purchase Minor Construction spending limit
- Challenges:
 - Fort Riley will not be looked at separately
 - Requires an existing building
 - Unproven solicitation strategy

DEMAND vs.SUPPLY

OPPORTUNITIES FOR COMMUNITY INVESTMENT
